▲ **Wojciech Baranowicz**  
President of the Board

Our project came into effect on the 1st of June, 2009. It is a realization of childhood dreams about a life full of adventures.

Our team is formed by 10 members passionate about traveling (5 people in Warsaw and 5 people in various regions), interested in the world and people, experienced globetrotters and tour guides, with wide practical knowledge of organizing air, mainland and water adventures.

▲ **Michał Pyzik**  
Member of the Board

We have one goal, we want to be guides looking for all sorts of adventures. It depends on you, if it is going to be an idea of an interesting workshop, a bonding event, a gift for employees, contractors or a selected group of clients.

The travel agency Życie to Przygoda – Wyjazdy Firmowe (Life is an Adventure – Business Trips) works under the licence of Tour Operator. We create for you individual scenarios of events caring for the sense of security and full satisfaction that should accompany those magnificent experiences.
